1 Digital Ocean

1.1 Box Location

```
ssh root@142.93.64.31
```

1.2 Password

```
CSC505project
```

2 Run

```
python3 main.py logFile outputFile type(m/i/t) cost(c/e) numRuns
```

2.1 Note

- Cost refers to whether the "cheap" or "expensive" version of our comparison is used.
- Type refers to whether insertion sort, merge sort, or timsort is used.

3 Output

```
m/i/t , cheapOrExpensive , logFile , isSorted , readTime , sortTime
```
