1 Digital Ocean

1.1 Box Location

```
ssh root@142.93.64.31
```

1.2 Password

```
CSC505project
```

1.3 Project Folder

```
505p1
```

2 Run

```
python3 main.py logFile outputFile type(m/i/t) cost(c/e) numRuns
```

2.1 Parameters

- Cost refers to whether the "cheap" or "expensive" version of our comparison is used.
- Type refers to whether insertion sort, merge sort, or timsort is used.
- The data for the sorts is located in the following directory:

```
/root/csc505-spring-2022/Project1/
```

3 Output

m/i/t, cheapOrExpensive, logFile, isSorted, readTime, sortTime
